

About City's Hope

Headquartered in Millville New Jersey, City's Hope Community Development Corporation (CDC) is a non-profit organization that offers support and services to disadvantaged families in cities across the Tri State area. This is done through literacy programs, educational programs, and adult/child food programs tailored to reach each community's needs.

City's Hope CDC was formally established in 2014 with a passion to assist disadvantaged families by reviving hope that was once exhausted by unforeseen, and possibly foreseen, circumstances. It all started by focusing on one family at a time, turning into one community at a time, and now one city at a time.
